There are two versions of Thumbs Up Map: one for high school's students and one for young people up to 18 years old. Each version is available in English and in Italian.

HIGH-SCHOOL STUDENTS

This test is recommended for high school students up to 16 years old, who need to choose their university or carrier opportunity or for students who are looking for a stage and need to increase their self-awareness and prepare their first CV.
NOT ONLY! This version is recommended also for students who have just taken their High School Diploma and needs orientation.

ENG ITA

University

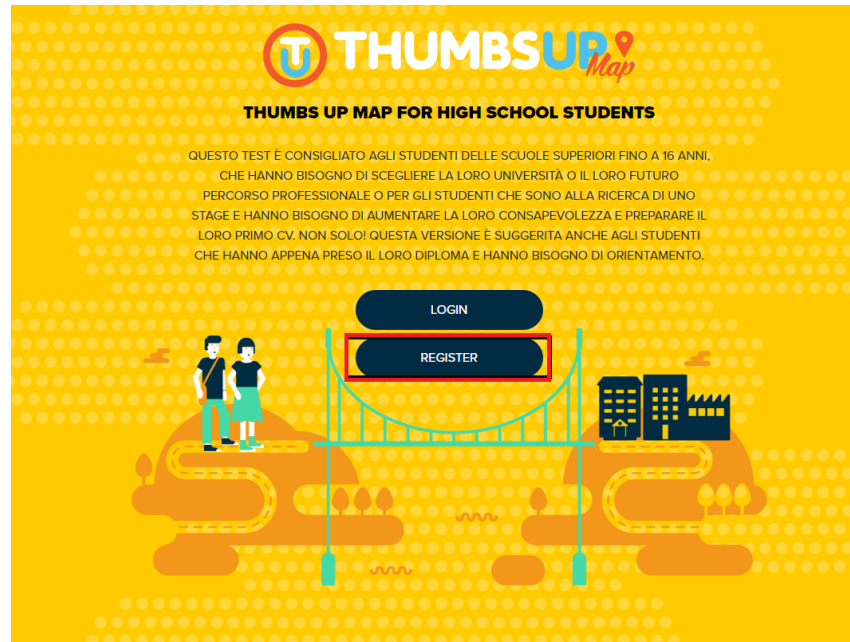

This test is recommended for young people who have already started their educational path after high school diploma, or have finished it and needs to be oriented.
Companies who needs to do preselection for young people can use this version.
WATCH OUT! This version is not recommended for students which are older than 28/30 years old. They would find questions which would not be in line with their life style
